Percentage: 97.8%

Class X – RBSE

May 2018- April 2019

- Guru Nanak Public School, Hiran Magri, Udaipur

Percentage: 88.67%

EXPERIENCE

Web Developer Intern – On-site

Jun 2023 - July 2023

Virtual Coders

Ahmedabad, Gujarat, India

- Developed an admin panel using **React Framework** for effective employees' details management.
- Created efficient APIs using **Express.js** and **Node.js** and integrated a **MySQL database** for seamless data management and display within the application.
- Gained hands-on experience in concepts like pagination, form-validation, naming conventions and OOPs concepts.

PROJECTS

Breeze

August 2023

- Designed and developed a dynamic and user-friendly weather application using **ReactJS**, providing real-time weather information to users.
- Implemented responsive design principles to ensure a seamless user experience across various devices and screen sizes.
- Utilized third-party APIs, such as **OpenWeatherMap**, to fetch and display up-to-date weather data, enhancing the app's functionality.

Cozy shoe shop

September 2023

- Created an e-commerce platform employing the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Developed a user-friendly interface for seamless browsing and purchasing experiences.
- Implemented robust backend functionalities using Node.js and Express.js for inventory management, user authentication, and order processing.
- Leveraged MongoDB for efficient data storage and retrieval, ensuring scalability.
- Utilized React.js to craft an intuitive and responsive front-end interface.

Calculator

September 2023

- Created a dynamic calculator web application using ReactJS for a responsive and user-friendly interface.
- Implemented various mathematical operations such as addition, subtraction, multiplication, and division, ensuring accuracy and functionality.
- Utilized ReactJS's component-based structure to develop a modular and scalable application.

SKILLS

Programming Languages: C++, JavaScript, C and HTML

Frameworks/Libraries: Node.js, Express.js, React.js

Databases: MongoDB, MySQL and PostgreSQL

Other Skills: CSS, TailwindCSS and Bootstrap

Platforms and Tools: Git and GitHub

CERTIFICATES

- [MERN Stack Development Internship Certificate By Pregrad](#)
- [Rajasthan State Certificate of Information Technology](#)
